

## SOLVING COMPLEX MANUFACTURING PROBLEMS

Custom Metal Part Solutions • Superior Customer Experience  
Trusted Extension of our Customers' Teams

### QUALITY ASSURANCES

- ISO 9001:2015

### CORE SERVICES

- Sheet & Plate Processing
- Complex Fabrications
- Production Welding
- MIG/TIG/Robotic Welding
- CNC Machining: Milling & Turning
- Grinding & Finishing
- Coating: Powder & Liquid
- Assembly
- On Staff Weld Engineer & CWI
- FPI & MAG Particle Testing
- Project Management
- KANBAN & Stocking Program

### INDUSTRIES SERVED

- Material Handling
- Defense, Military, DOD
- Data Center Enclosures
- Medical Device
- Fitness Equipment
- Oil & Gas
- BioGas Reclaiming
- Border Security
- AGV/AMR – Autonomous Vehicle
- Industrial Equipment
- Cleaning & Chemical Dispensing

MWG is deeply rooted in a rich tradition of heavy plate fabrication, sheet metal fabrication, robotic welding, laser cutting and CNC machined components for OEMs in North America and Western Europe.

Operating out of two plants in Cincinnati and Fairfield, Ohio, we offer an extensive range of manufacturing capabilities, as well as flexible, attentive and dedicated project management and engineering support services.
